

# WRITE A STORY

*You are sitting under a beautiful oak tree and an acorn falls and hits you on the head. You turn into a squirrel. What happens next?*

*Directions: Fill in the blanks with your story and remember to use your imagination!* 

*Describe the Characters.* (Hint: Start with you, the tree and squirrel. Can you think of any other characters to include in your story? What do they look like? What do they sound like?)

---

---

---

*Describe the Setting.* (Hint: Is the tree in a forest? Or a local park? Or your backyard? Or in a neighbor's backyard? What season is it? What is the weather like?)

---

---

---

*Describe the Problem.* (Hint: You turned into a squirrel! What happens next? How does it make you feel to be a squirrel? Can you do things as a squirrel that you can't do as a human?)

---

---

---

*Describe the Solution.* (Hint: Do you decide to be a squirrel to explore your setting? Or do you try to find ways to become a human again? Maybe you ask the oak tree for help in trying to be a human again? Or maybe you decide to remain a squirrel.)
